

PRODUCT DATA SHEET

Sarnafil® T Prep

Seam preparation and cleaner for Sarnafil® T

DESCRIPTION

Mixture of organic solvents

USES

Sarnafil® T Prep is used to prepare seams of Sarnafil® TG and TS in order to ensure optimum seam quality. Sarnafil® T Prep is also suitable as general purpose cleaner to remove light dirt or bitumen residue from Sarnafil® TG and TS.

CHARACTERISTICS / ADVANTAGES

- Ensures optimum seam quality
- Dissolves surface dirt
- Evaporates quickly
- Highly flammable

APPROVALS / CERTIFICATES

- Quality management system EN ISO 9001

PRODUCT INFORMATION

Composition	Mixture of organic solvents	
Packaging	Canister	5 l, 10 l
	Packing unit	Europallet or single canister
	Please contact our customer service, for information of what packaging sizes are sold in Denmark.	
Appearance / Colour	Yellow	
Shelf life	24 months from date of production if stored properly in original, unopened and undamaged sealed canister. Expiry date on canister.	
Storage conditions	Store in dry conditions at temperatures between 0 °C and +30 °C	
Density	~0.87 kg/l (+20 °C)	
Volatile organic compound (VOC) content	VOC-CH: 99.67 % VOC-EU: 99.67 %	
Consistency	Liquid	

APPLICATION INFORMATION

Ambient air temperature	At least -20 °C
Substrate temperature	At least -30 °C

APPLICATION INSTRUCTIONS

APPLICATION

Application Guideline:

Based on the valid installation instructions of the relevant roof waterproofing membrane.

Application Method:

Prepare seam areas using a white clean cloth soaked with Sarnafil® T Prep. Allow Sarnafil® T Prep to evaporate completely before welding. During seam preparation or cleaning the cloths should be changed frequently to avoid the spreading of dirt. White cloths will effectively absorb dirt and the colour will not stain the membrane. Use solvent resistant gloves and eye protection glasses during application. Sarnafil® T Prep contains high volatile and flammable solvents. Application in closed rooms is allowed only with sufficient room ventilation. Smoking and open fire are not permitted.

IMPORTANT CONSIDERATIONS

- Avoid contact to materials that are not resistant to solvents.
- White cloths will effectively absorb dirt and the colour will not stain the membrane.
- Use solvent resistant gloves and eye protection glasses during application.
- Sarnafil® T Prep contains high volatile and flammable solvents. Application in closed rooms is allowed only with sufficient room ventilation. Smoking and open fire are not permitted.

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the declared data for this product may vary from country to country. Please consult the local Product Data Sheet for the exact product data.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

Any information or suggestions for use concerning Sika's products, which we either in writing or orally have given buyers or end-users of the product, have been given in good faith based on our own experiences and based on approved praxis and the technological and scientific knowledge on the time of giving such suggestions and information, which are given without any type of guarantees, and which do not lead to any further responsibility from Sika Danmark A/S, besides what is stated in the sales agreement in question. The buyer or end-user should themselves investigate or otherwise make sure, that our products are suitable for the use in question and further make sure that the products are kept and used correct and in agreement with the published rules and considering the actual conditions in order to avoid damages or less satisfactory results. Any order is accepted and any deliverance is affected according to the general terms of sales and delivery from Sika Danmark A/S, which are considered known and accepted, and which could be handed out when asked for. Our catalogues are not up-dated automatically. The present product data sheet is only for use in Denmark. Values stated in the present product data sheet should be seen as recommended, unless stated otherwise.
