

PRODUCT DATA SHEET

Sarna® Seam Cleaner

Seam Cleaner for Sarnafil G/S (PVC) Membranes

DESCRIPTION

Sarna® Seam Cleaner is a parafin seam cleaner for Sarnafil® G/S (PVC) roof waterproofing membranes

USES

- Preparing seams of Sarnafil® G/S (PVC) membranes for hot air welding.
- Suitable as a general purpose cleaner to remove light dirt or bitumen residue from Sarnafil® G/S membranes.

CHARACTERISTICS / ADVANTAGES

- Improves hot air welding and seam quality
- Dissolves light surface dirt

PRODUCT INFORMATION

Composition	Mixture of organic solvents	
Packaging	Container:	5 l, 10 l
	Packing unit:	Euro pallet or single container
Please contact our customer service, for information of what packaging sizes are sold in Denmark.		
Appearance / Colour	Blue	
Shelf life	24 months from date of production	
Storage conditions	The product must be stored in original, unopened and undamaged sealed packaging in dry conditions at temperatures between +0 °C and +30 °C. Always refer to packaging.	
Density	~0,78 kg/l (+20 °C)	
Volatile organic compound (VOC) content	VOC-CH	99,98 %
	VOC-EU	99,98 %
Consistency	Liquid	

APPLICATION INFORMATION

Ambient air temperature	+30 °C min. / +60 °C max.
Substrate temperature	-20 °C min. / +60 °C max.

APPLICATION INSTRUCTIONS

APPLICATION

Reference must be made to further documentation where applicable, such as relevant method statement, application manual and installation or working instructions.

Application Method

Soak a clean white cloth with Sarna® Seam Cleaner and then clean the seam area or surface of the membrane. The cloths should be changed frequently to maintain clean surfaces. In the seam areas allow Sarna® Seam Cleaner to evaporate sufficiently before hot air welding.

FURTHER INFORMATION

- Installation instructions: Relevant roof waterproofing membrane.

IMPORTANT CONSIDERATIONS

- Dissolves thermoplastics not resistant to solvents (e.g. polystyrene, polycarbonate, acrylics). Do not use the cleaner to wash large areas of roof surface.
- Sarna® Seam Cleaner is not suitable for degreasing or cleaning metal sheets or the cleaning of tools. Sarna® Seam Cleaner cannot be used for cleaning wet or dry adhesive residue from membranes or tools.
- White cloths will effectively absorb dirt and the colour will not stain the membrane.
- Use solvent resistant gloves and eye protection glasses during application.

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the declared data for this product may vary from country to country. Please consult the local Product Data Sheet for the exact product data.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

Any information or suggestions for use concerning Sika's products, which we either in writing or orally have given buyers or end-users of the product, have been given in good faith based on our own experiences and based on approved praxis and the technological and scientific knowledge on the time of giving such suggestions and information, which are given without any type of guarantees, and which do not lead to any further responsibility from Sika Danmark A/S, besides what is stated in the sales agreement in question. The buyer or end-user should themselves investigate or otherwise make sure, that our products are suitable for the use in question and further make sure that the products are kept and used correct and in agreement with the published rules and considering the actual conditions in order to avoid damages or less satisfactory results. Any order is accepted and any deliverance is affected according to the general terms of sales and delivery from Sika Danmark A/S, which are considered known and accepted, and which could be handed out when asked for. Our catalogues are not up-dated automatically. The present product data sheet is only for use in Denmark. Values stated in the present product data sheet should be seen as recommended, unless stated otherwise.
